

# Huzalabs Consultancy Partnership Program – Call for Experts

HuzaLabs | Part-time | Lusaka, Zambia | ZMW 380 – ZMW 19,000 per hour

## About Huzalabs

Huzalabs Ltd is a technology company that delivers innovative solutions and professional services to government institutions, private-sector organizations, and development partners across Africa and internationally.

## About the Program

Huzalabs is expanding its Consultant Partner Network and invites experienced professionals and industry experts to register for current and future consultancy assignments. The program connects qualified consultants with innovative and high-impact projects that match their expertise, professional experience, and availability.

## Consultancy Areas

- Software development and engineering
- Internet of Things
- Digital transformation
- Technology startup acceleration
- Project and program management
- Business analysis
- Quality assurance and software testing
- Data science and artificial intelligence
- Cybersecurity and information systems
- Cloud computing and IT infrastructure
- Procurement and business development
- Other technology-driven and specialized professional fields

## Consultant Responsibilities

- Provide technical or professional expertise within their area of specialization.
- Complete agreed deliverables according to the project scope and timeline.
- Collaborate with Huzalabs teams, clients, partners, and other consultants.

- Prepare reports, recommendations, technical documents, or other required outputs.
- Participate in project meetings, assessments, training sessions, or implementation activities.
- Maintain confidentiality and professional standards throughout the engagement.

## **Benefits of Joining the Program**

- Access to current and future consultancy opportunities
- Participation in diverse and high-impact projects
- Collaboration with experienced professionals and organizations
- Competitive compensation based on the assignment and level of expertise
- Membership in a growing regional and international expert network

## **Application Procedure**

Interested professionals must complete and submit the Huzalabs Consultancy Partnership Program registration form through the link below. Applicants must provide complete and accurate information about their qualifications, experience, areas of expertise, and availability. A current Curriculum Vitae should also be submitted where requested.

Application form: <https://bit.ly/4zz5erl>

Submission of the form registers the applicant in the Huzalabs Consultant Partner Network for consideration for suitable consultancy assignments. Only applicants whose profiles match available opportunities will be contacted for further discussions and onboarding.
