TENDER FOR PROVISION OF CONSULTING SERVICES TO DESIGN, IMPLEMENT AND ROLL-OUT THE SOFTWARE FOR THE NATIONAL PETROLEUM STOCK MONITORING SYSTEM

TENDER NO.: ERB/ONS/NPSMS/004/2026

The ERB is an autonomous statutory body established under the Energy Regulation Act No. 12 of 2019. The regulatory mandate of the ERB is to regulate the energy sector in such way that there is stability of supply of energy products in the Republic of Zambia.

Currently, the ERB has in place a manual fuel stock monitoring system which requires Oil Marketing Companies (OMCs) and depot managers to submit reports to the ERB via email, SMS and WhatsApp messages. The ERB wishes to implement the National Petroleum Stock Management System (NPSMS) to provide an integrated and automated system that shall wholly manage and provide real time visibility and information on the available fuel stocks in the country; and all petroleum related transactions and activities in the Zambian petroleum sector to key stakeholders including relevant government ministries, agencies and regulators.

The ERB has reserved funds towards the cost of **Provision of Consultancy Services to Design, Implement and Roll-Out the Software for the National Petroleum Stock Monitoring System**. Bidding is being conducted using Open National Selection (ONS) Procedures and is open to citizen and local bidders in accordance with the provisions of the Public Procurement Act No. 08 of 2020 and the Public Procurement Regulations of 2022

Interested Consultants may view details of the Expression of Interest downloadable from the ERB website at www.erb.org.zm
